### Lack of Leaders Hurts Boy Scout Program Here

THISSA AND THATTA: Looks like what we need around these parts is more leadership. We all know that it's the same few that are called on for everything because it gets known pretty soon that these are the ones who won't say no. The vast majority will say no. Usually not a blunt no but a meandering no. I mean by a meandering no that you start in by saying you'd love to do it but—and the buts are many.

Some time back this column came out with a plea for leaders for Girl Scout troops. There were girls wanting to get into scouting but there weren't adult leaders to take care of them.

The Boy Scouts are having the same trouble. They need leaders. There are plenty of boys who want to get into this fine movement which will help keep them on the right track and teach them to be our best citizens, unless they move off, of course. But there is a lack of leaders.

Cannot some of you adults consider this kind of work? I'll bet it'll be fascinating, working with young boys, and I'll bet you might learn a few things, yourself.

I've never been to Hawaii; so I did not bring this joke back with me. The story, I guess, has been imported from there, and here goes:

A sugar planter in Hawaii took a friend from the United States to the edge of a volcano.

"That crater is 70,004 years old," he explained.

"How do you get the exact age?" asked the newcomer.

"Well, I've been here in the islands for four years, and that crater was 70,000 years old when I arrived."

I've never been to Hollywood, either, but this joke, I presume, comes from there:

"Did I have trouble with my wife?" an exasperated Hollywood producer exclaimed. "She had to go to a hotel that charges a hundred dollars a day on our vacation. And the next afternoon she went out horseback riding, fell off the horse and got knocked unconscious. I called a doctor, and he said she'd be unconscious for about three weeks."

"What on earth did you do?" he was asked.

"I moved her to a cheaper hotel," was the reply.

I've been to movies, so: Theatre Usher: "Do you desire to sit down, madam?" Patron: "Of course not. I don't bend that way!"

COMMENT: This was written yesterday afternoon before last night's prep tournament games.

## Kiwanians to Sponsor Easter Sunrise Service

Plans for Kiwanis sponsorship of an Easter Sunrise service were discussed last night at the club meeting held at the Masonic temple.

Ronnie Doerge discussed the proposal in a report to the club and representatives from the Rotary and Lions clubs and the Jaycees have been invited to his home Thursday night for further discussion of the service.

The Easter Sunrise service was proposed to the Harrisburg Ministerial association by Doerge and Sam Cape with the suggestion that Eldorado and Carrier Mills be invited to participate. It was also suggested that music be furnished by a combined choir of church singers and the HTHS choral group.

At last night's meeting Miss Faye Moffett, of the Harrisburg Township high school, showed colored slides of her visit to Europe. She spent two weeks in Britain and Scotland and her pictures included many of the old castles in Scotland and England and of Buckingham palace and the tower of London. From there she went to Amsterdam, to France through the Alsace-Lorraine country to Switzerland and Lake Lucerne. From there she went to Milan and Venice and her pictures included many of the beautiful buildings in Venice and also in Rome which she visited next. She visited the French Riviera, Paris, then returned to London and had a short stop in Iceland on her return home.

Guests at last night's meeting were J. Paul Knight of Cedar Rapids, Ia., brother-in-law of Dr. G. R. Johnson, Jerry Johnson, son of Dr. Johnson, and Charles Taylor, guest of J. E. Rose. Special guest was Mrs. Carroll Porter, who accompanied Miss Moffett.

## U. P. Reports Shooting Plot to Overthrow U. S.

Eisenhower, Dulles, Hoover Marked for Death, Advice Say

Copyright 1954 By United Press

NEW YORK (U.P.)—The shooting of five congressmen in Washington on Monday was part of a plot to overthrow the United States Government by the assassination of its leaders. Private advices to the United Press from San Juan, Puerto Rico, said today that among those marked for death in the plot were President Eisenhower, Secretary of State John Foster Dulles and FBI Chief J. Edgar Hoover.

The advices from Puerto Rico said the Federal Bureau of Investigation has alerted its agents to the possibility of further outbreaks of violence by fanatic Puerto Rican nationalists. In addition to Mr. Eisenhower, Dulles and Hoover, there is said to be a plot to kill Gov. Munoz Marin of Puerto Rico, who now is in the United States, and Antonio Fernos-Isern, Puerto Rican commissioner to the United States.

Dulles now is in Caracas, Venezuela, as head of the American delegation to the Inter-American Conference. Unusual precautions have been taken to assure his safety, including a bullet-proof automobile for his transportation. The persons charged with the protection of Mr. Eisenhower took additional precautions shortly after the shooting in Congress earlier this week.

There was no indication that the projected assassination of Mr. Eisenhower, Dulles, Hoover and the Puerto Rican leaders was scheduled to have taken place simultaneously with the shooting in the House of Representatives. Thus the peril, according to U. P. advices, still remains and the possibility of further attempts at assassination is the reason for the FBI alert.

Advices to the U. P. said the shooting in Washington was viewed with approval by Nationalist headquarters in Puerto Rico. Albizu Campos, Nationalist leader in Puerto Rico, was reported to have instructed his followers to resist arrest.

Campos' party was responsible for this week's outbreak as well as the terrorist attempt on President Truman's life in 1950 and the abortive revolt in Puerto Rico the same year in which 33 persons were killed.

## Two Shooting Victims Offer Safety Ideas

WASHINGTON (U.P.)—Two of the House members wounded by Puerto Rican nationalists Monday came up with their own ideas today on how Congress should be protected from future gun-toting spectators.

Rep. Kenneth A. Roberts (D-Ala.) noted that Capitol police "check cameras but don't check guns," and suggested spectators be screened by an electric metallic detection device. He also said the personal protection of FBI agents might be necessary for members of Congress.

Rep. George H. Fallon (D-Mo.), who like Roberts is recovering from wounds suffered during Monday's attack on Congress, proposed enclosing the visitors' galleries with bullet-proof glass so "House members won't be just like sitting ducks."

House officials already were taking some security steps as a result of the shooting in which five representatives were wounded.

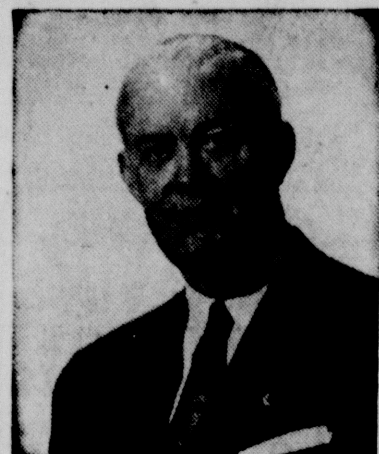

Guards were greatly increased. All gallery passes were taken up and members were made strictly responsible for new ones they issue to visitors.

Experts felt the metallic detection device might not be practical, since it picks up any metal in pockets—not just firearms. The FBI also was believed needed more urgently elsewhere.

But the idea of a glass partition drew considerable support. Rep. Overton Brooks (D-La.) introduced a bill Tuesday to authorize the Capitol architect to install the bullet-proof glass enclosure. A loudspeaker system would be used to bring the proceedings into the glassed-in gallery.

## Extinguish Grass Fire

A grass fire was extinguished at 620 West Parish street at 2:20 p. m. yesterday.

## Edward A. Hayes To Address GOP Meeting Here

Edward A. Hayes, Republican candidate for U. S. Senator from Illinois in the April 13 primary, will address party leaders and workers from eight counties in this area at a dinner meeting at the Kurto Country club at 7 p. m. Monday, March 8.

Arrangements for the rally are being made by one of Hayes' strongest supporters and close personal friends in this area, John Lockwood of Harrisburg. Reservations for dinner should be made with him.

Hayes will be introduced by Robert G. Miley, chairman of the Saline County Republican committee and president of the Republican County Chairmen's Association of Illinois. Counties which will be represented at the meeting will include Saline, Hamilton, White, Gallatin, Johnson, Pope, Hardin and Massac. Delegations from adjacent areas will be headed by:

Paul A. Hunt, of Dale, chairman of Hamilton county; Albert Sailer, of Carmi, chairman of White county; Paul Smith, of Ridgway, chairman of Gallatin county; Cline Evans, of Goreville, chairman of Johnson county; Russell Farrell, of Rosiclare, chairman of Hardin county; and T. M. Rutledge, of Metropolis, chairman of Massac county.

Hayes, former national commander of the American Legion, one of nine Republican candidates for the Senate, served with the U. S. Navy in both World Wars I and II, working his way from rank of apprentice seaman to captain. In World War II he was a special assistant to the Secretary of Navy. His Navy assignments took him to all continents and to all major countries and theaters of war, except the China-Burma-India front.

## Highways North of Centralia Covered With Snow and Ice

SPRINGFIELD (U.P.)—The State Highway Division today reported highways north of a line through Belleville, Centralia and Lawrenceville covered with packed snow and ice.

The Highway Division said only an area in the extreme northwest corner of the state had clear roads in the northern two-thirds of the state.

The announcement said the snow was drifting and there was one-way traffic in several locations. Motorists were urged to drive with caution.

## HTHS Instrumental, Vocal Contestants To Enter District Contest Saturday

Instrumental and vocal contestants from the Harrisburg Township High School music department will attend the district contest at Carbondale University high school Saturday, March 6. District winners will go to the state contest at Normal, Ill., April 30 and May 1.

The following contestants will participate:

Richard Norris—Castles in the Air, by Pryor, accompanied by Mary Humm. Norma McDonald—Affaire, by Danjon, Magagnoli, accompanied by Avah Phillips. Barbara Dunn—Nightingale Serenade, by Papp, accompanied by Janice Phelps. Jeanne Lewis—Polonaise, by Hofman, Wahn, accompanied by Marolyn Womack. Bill Brantley—Echoing Sticks, by Bruggart. Dianne Mathis—Fantasy and Improvisation, by Chopin, Siegfried, accompanied by Avah Phillips. Dick Fritts—Sounds from the Hudson, by Clarke, accompanied by Diane Mathis. Don Upchurch—Beautiful Colorado, by Luca, accompanied by Marilyn Lucas. Norma Simpson—Twirling Solo. Beverly Bishop—Twirling Solo.

Ensembles  
Flute Trio—Barbara Dunn, Norma McDonald, Treva Humphrey—Classic Fantasy, by Falu.  
Flute Quartet—Francis Brown, Joan Seright, Beverly Bishop, Marolyn Womack—Tambourin, by Guillemin-Taylor.

Clarinet Quartet No. 1—Jeanne Lewis, John Klein, Judy Godard,

## House Group Votes to Cut Excise Taxes

Action Overrides Wishes Expressed By Eisenhower

By United Press  
The House Ways and Means Committee overrode the wishes of President Eisenhower today and voted to cut in half the 20 per cent excise taxes on jewelry, furs, cosmetics, luggage, admission tickets, and women's handbags.

The President reiterated at a news conference that the administration opposes extensive excise tax cuts now because it feels it cannot afford the one-billion-dollar a-year revenue loss entailed.

The committee action was announced shortly thereafter. Although it did not go along with the President's wishes, the committee did beat down a Democratic attempt to cut excise levies still further.

It rejected proposals to repeal the tax on women's handbags, watches costing less than \$65, clocks costing less than \$5, and tickets costing less than 50 cents. It did, however, vote to exempt tickets to college athletic events from taxation.

Not cut are taxes on liquor, beer, wine, gasoline, cigarettes and automobiles.

Other congressional news:  
Taft-Hartley: The House Labor Committee voted 14-13 to strip the National Labor Relations Board of power to handle "unfair labor practice" complaints. It would let the board continue to handle union bargaining elections. The vote was taken in connection with legislation to review the Taft-Hartley Labor Relations Act. Chairman Samuel K. McConnell Jr. (R-Pa.) said today's action would "pretty near put the board out of action." Because the vote was so close, however, it is conceivable that it could be reversed later.

Farm: The Senate was expected to kick off the big farm fight of 1954 today on a bill to hike the lending authority of the Commodity Credit Corp.—the government's farm price support agency—by \$1,750,000,000.

## Heart Attack is Fatal to Bill Rice

Bill Rice of Marion, well-known in Harrisburg, died at 11 a. m. today at Marion hospital after suffering a heart attack at 6 a. m.

Mr. Rice, division commercial supervisor for the Central Illinois Public Service Co., had worked with local appliance dealers in their merchandising on many occasions. He had lived in Marion for about 20 years.

A native of Carmi, he was married but had no children. He was a cousin of O. D. Rice of this city.

HELD IN CAPITOL SHOOTING—The four Puerto Ricans held in the shooting spree which wounded five Congressmen in the House Chamber are guarded by police. Left to right are: Irving Flores; Rafael Candel Miranda; Lolita Lebron; and Andres Figueroa Cordero. Flores was arrested at a downtown bus station and the other three, who actually did the shooting, were arrested at the Capitol. (NEA Telephoto)

## World Day of Prayer Service at Methodist Church Friday Night

The World Day of Prayer service will be held in the First Methodist church Friday, March 5, beginning at 7 p. m. The theme of the program is "That They May Have Life" taken from the scripture verse John 10:10. The 67th World Day of Prayer has been proclaimed locally by Mayor Ralph Horning Jr.

The purposes of the World Day of Prayer include uniting all Christians in a bond of peace and to make an offering for inter-denominational Christian missions at home and abroad. In the service Christians, as individuals, witness to their belief that prayer is a world power for good, and as a group they unite to strengthen this power for good in the world.

The regular annual observance began in 1887 when Mrs. Edwin R. James, president of the Women's Board of Home Missions of the Presbyterian church in the United States, called on all Presbyterian women in the U. S. A. to gather in their communities on a specified date to pray for home missions. The response was so great that a day was set apart annually.

## First Friday of Lent

In the early nineties under the leadership of two outstanding Baptist women, Mrs. Henry W. Peabody and Mrs. Helen B. Montgomery, a day was designated for united prayer for foreign missions. For many years the home and foreign mission groups observed days of prayer separately, but in 1919 they joined together. In 1920 the women of Canada joined them. The first Friday in Lent was chosen as the day of prayer for missions, home and foreign.

Missionaries spread the idea of a day of prayer, and at the request of friends in other lands it became a World Day of Prayer in 1927.

The World Day of Prayer was observed in 1953 in more than 19,000 communities in the United States and 118 countries around the world.

## Found Not Guilty In Damage Suit

A circuit court jury yesterday found C. T. Parks not guilty of negligence on all three counts in a civil action brought as the result of a collision.

He was sued for damages by Freda Bourland for injuries, by Miss Bourland as administrator of the estate of her mother, fatally injured in the collision, and by Lawrence Bourland, who sought a judgment for car damages.

The Bourland car and the Parks truck figured in a collision on Route 45 between Harrisburg and Eldorado in 1952.

Parks was represented by Atty. DeWitt Twente and Atty. Charles Jelliffe, the Bourlands by the law firm, Rumsey and Dennis.

A case that had been set for hearing before a jury, Betty Trusnick vs. T. V. McVay, was settled out of court.

Today Circuit Judge C. Ross Reynolds was hearing non-jury cases.

## Two New Producers In Raleigh Oil Field

Two new producers have come in the oil field of Section 2, Raleigh township, it was learned today. They are the Herbert Lemons No. 4 and the Frank Parker No. 2. Drilling has started on the Parker No. 3.

George and Wraith Oil Co. of Mt. Carmel drilled the Lemons No. 4, which is in the SW corner of the NW quarter of the SE quarter of Section 2, and also drilled the Parker No. 2, in the NE corner of the SE quarter of the NW quarter of the same section.

## Hubby Gambles Money Away, Wife Tosses \$5,000 Off Bridge

SAN FRANCISCO (U.P.)—Mrs. Elena Santana, 35, explained in divorce court Tuesday why she threw \$5,000 in cash off the Golden Gate Bridge.

"My husband throws his away gambling," she said, "and I can throw mine away too."

## Snow Storm Hits Chicago, Midwest Areas

The machinery of a huge city groaned and creaked today as Chicago awoke under a foot-deep blanket of blowing, drifting snow.

Meanwhile, aching cold clamped down on the Western Plains and freezing weather threatened to destroy or damage budding crops in the Southwest.

The snow storm that strangled Chicago and struck other Midwest areas from Missouri to Indiana was moving northeastward toward the lower St. Lawrence Valley, where it was expected by Thursday morning.

The Canadian province of Ontario was already digging out under a storm that dumped up to 16 inches of snow Tuesday and threatened to flood rivers with melt-off.

The Chicago storm, which subsided to blowing snow and flurries today, did not completely paralyze traffic but it came close.

Even police patrol cars were called off the streets. It was the worst storm in 15 years.

Automobile accident reports came in so fast the police could not answer all of them, and the Chicago Motor Club reported at least 1,000 calls from members in car trouble.

The size of the Chicago snowfall had not been expected by weather forecasters. And the brunt of the storm was borne by that city.

Mercury Drops in Texas  
But as much as six inches of snow fell at Vichy, Mo., and five inches covered Fort Dodge, Iowa.

A band of snow extended from Michigan and eastern Wisconsin southeastward to the middle Mississippi Valley.

Rain was general Tuesday night from Tennessee to the central Gulf Coast.

The bitterest cold wave of the season stirred up a mess of snow and blowing dust in Texas, dropping the mercury as low as zero in the Panhandle. Below-freezing lows forecast for the Rio Grande Valley threatened citrus fruit and truck gardens.

A U. S. Department of Agriculture spokesman said he feared a "multitude of crops will suffer vast damage."

The cold snap was moving eastward from Texas, and cold wave warnings were issued in Louisiana and Arkansas. Snow flurries were predicted in Tennessee, Kentucky, North Carolina and Virginia.

Most of the rest of the country had mild and mostly dry weather, but a cloud umbrella gathered over much of the Atlantic Coast.

Monday an equally vicious storm system smothered Ohio, Ontario and parts of the mid-South with up to 16 inches of snow, causing 10 deaths in Cleveland alone.

## Killed While Packing For Retirement Trip to Florida

WILMINGTON, Ill. (U.P.)—George L. Mears, 58, who planned to retire Sunday and move to Florida, was killed Tuesday when he accidentally discharged a shotgun he was packing for the trip.

## World Day of Prayer Service at Methodist Church Friday Night

The World Day of Prayer service will be held in the First Methodist church Friday, March 5, beginning at 7 p. m. The theme of the program is "That They May Have Life" taken from the scripture verse John 10:10. The 67th World Day of Prayer has been proclaimed locally by Mayor Ralph Horning Jr.

## Burglars are Unsuccessful in Three Break-Ins

Burglars made three unsuccessful visits to Saline county businesses last night and officers were convinced that amateurs were on the jobs.

Visited were the Pool Pontiac garage and Brown Bros. Implement company in East Harrisburg and the O'Keefe Motor Co. in Carrier Mills. Nothing is missing.

Sheriff Paul Spangler said at O'Keefe's a window was broken and raised. Inside the combination was knocked off the safe but it couldn't be opened.

At Brown Bros. a window glass also was broken and entrance was made through a window. Also, the safe had been tampered with but was not opened.

A side door at Pool's was pried partially open but it could not be opened enough to gain entrance.

## Defends Gen. Zwicker Against M'Carthy Attack

President Deplores Humiliation Received Before Committees

WASHINGTON (U.P.)—President Eisenhower today defended Brig. Gen. Ralph W. Zwicker against criticism by Sen. Joseph R. McCarthy (R-Wis.).

In a news conference statement the President deplored the humiliation of executive department representatives before congressional committees.

The President said "real co-operation" between the executive and legislative branches of government would be possible "only in an atmosphere of mutual respect."

He did not call McCarthy by name but his references were obvious, particularly when he singled out Zwicker in paying tribute to the loyalty of the officers and men of the armed services.

Mr. Eisenhower said all executive officials and employees should respond "cheerfully and completely" to the requests of Congress and its committee, but that they should be assured of "respect and courtesy."

Reads Statement  
"Officials in the executive branch of the government will have my unqualified support in insisting that employees in the executive branch who appear before any type of executive or congressional investigating body be treated fairly," he said.

After reading his statement to the biggest news conference of this administration, the President under questioning went on to rap McCarthy again, without calling his name, for his criticism of the State Department action in taking authority over personnel from R. W. Scott McLeod.

McLeod henceforth will continue to have charge of security matters, but not personnel. McCarthy said Tuesday this order "just doesn't look good on the surface," and said he has asked an official explanation.

Asked what he thought of this, Mr. Eisenhower said firmly that assignment to duty of any administrative officer in any department is the responsibility of the department head and no one else.

Army Corrects Procedures  
Mr. Eisenhower, faced by more than 250 reporters, did not wait for questions about the dispute between McCarthy and Army Secretary Robert T. Stevens.

The dispute arose from the case of a New York dentist, Dr. Irving Peress, who was honorably discharged as a major after he refused to answer Army loyalty questions, and Brig. Gen. Zwicker, commander of the camp where the discharge was issued.

Because of Zwicker's testimony in the case of Peress, who was alleged to have a Communist background, McCarthy questioned Zwicker's intelligence and said he

(Continued on Page Three)

## Red China, North Korea Accept Bid To Geneva Parley

TOKYO (U.P.)—The Communist governments of China and North Korea have accepted invitations from Russia to attend the Geneva conference, their official radio stations announced tonight.

Peiping Radio, the voice of Red China, announced China's acceptance in a broadcast monitored in Tokyo.

A few hours earlier, Radio Pyongyang said North Korea had accepted a Russian invitation to attend the parley. The broadcast, also monitored in Tokyo, said North Korea would send to Geneva a delegate with full powers to represent his government.

The broadcast emphasized the invitation to the April 26 conference on Korea came from Russia. However, the decision to invite North Korea actually was made at the recent Berlin meeting of the Big Four foreign ministers.

South Korea has not yet disclosed officially whether she will attend the conference. However, high government officials said privately President Syngman Rhee will, reluctantly, send a delegation.

## The WASHINGTON MERRY-GO-ROUND

By DREW PEARSON

DREW PEARSON Says:  
Former Italian Army Officer  
Points To Dangers of Politics  
In Army; Col. Robert R. Mc-  
Cormick Tells McCarthy To  
Lay Off; Lyndon Johnson De-  
velops A Machine.

WASHINGTON. — A former officer of the Italian army was sitting with a group of senators when the question of Secretary Stevens' capitulation to Senator McCarthy came up. McCarthy had been quoted as saying: "If you want a commission in the Army I can fix it up for you."

"I doubt if you Americans realize what politics can do to an army," the Italian said. "I was a young captain in the Italian army when the Fascists took it over, and I know what politics did."

"It creeps in very subtly before anyone realizes it. An inferior officer who's a lieutenant is promoted to be a captain, simply because he's a friend of the Fascist regime. Or again, I remember I once ordered a lieutenant to take over a work detail and he refused. He said he was busy making out reports on the army for the Fascist party."

"Some people have criticized the Italian army for caving in during the war," continued the former officer. "Politics was the reason. An army doesn't fight when it's run on political lines."

Senator Fulbright of Arkansas was listening, remarked: "I just received a telegram from a friend calling attention to the fact that the Egyptian army had kicked out its premier, the Syrian army had kicked out its president, and McCarthy had driven a political wedge in the American army all in the same day."

"It may seem far-fetched to you," concluded the Italian ex-captain, "but once a political leader begins to dominate an army the line between free government and a totalitarian government becomes very thin indeed."

ARMY POLITICS  
Judging from current resentment against McCarthy in the army there should be no early danger of his taking over. However, officers recalled last week how Maj. Gen. Cornelius Ryan, commander of the 19th Infantry at Fort Dix had phoned Secretary of the Army Stevens to complain that McCarthy's office had been bombarding him to get special privileges for McCarthy's ex-aide, Gerard David Schine.

"General," replied Secretary Stevens, "this is one you've got to handle yourself."

Officers also recalled last week that when Col. Frances Kreidel, commander of the Provost Marshal School at Camp Gordon, Ga., had protested against Schine's transfer to his school without sufficient qualifications, Kreidel was suddenly transferred to Tokyo.

Under Army regulation 615-215-1, no one is admitted to the Provost Marshal School without two years service, without attaining the rank of corporal or higher, and without being in a Class I or Class 2 physi-

cal condition. Schine is in Class 3, has been in the Army only four months, and is a private.

Despite this, Senator McCarthy arranged for his ex-staff member to ride roughshod over Army regulations and transfer from Fort Dix basic training to the Provost Marshal's school. Regular Army channels objected. But the transfer was ordered by Secretary of the Army Stevens himself.

And when the commander of the Provost Marshal School objected, he was transferred.

No wonder McCarthy boasted to friends: "If you want a commission in the Army I can fix it up for you."

MERRY-GO-ROUND

Remarked Senator Carl Hayden of Arizona apropos of the way the four Republican senators got Secretary Stevens to surrender: "They've been watching these Communists so closely that they've learned how to brain-wash."

Col. Robert R. McCormick of the Chicago Tribune amazed Washington by publishing a front-page editorial at the height of the Stevens-McCarthy controversy telling McCarthy to lay off the Army. McCormick and McCarthy are old friends and the Chicago Tribune is one of Joe's staunchest backers, but first and last "the colonel" is an Army man. It was as because Senator Langer voted with the Democrats to adjourn the Senate rather than hold a night session that Majority Leader Knowland proposed that the committee chairman no longer be picked by seniority. He was aiming of course at Langer. Knowland seemed to resent Langer's vote against a night session more than Langer's investigation of Chief Justice Earl Warren. His colleagues say that Senator Dirksen of Illinois who did the chief job of sweet-talking Secretary Stevens into surrender, is such a good salesman he could talk a hornets nest out of a tree.

EFFICIENT LYNDON  
Senator Lyndon Johnson of Texas has developed one of the smoothest machines in recent Democratic history. Colleagues agree that while it isn't always right it certainly is smooth.

It was this machine that brought

defeat to the Republicans when Democrats overrode Senator Knowland's plan to hold night sessions on the Bricker amendment. Every Democrat was in his seat at the right moment and voting, except for two — Symington of Missouri, who was in Europe, and McCarran of Nevada, who was sick.

Johnson had gone around to almost all Democrats and said: "I don't think it's fair to hold night sessions so early in the session. We've cooperated on everything else, but the older senators can't be here at night. Senator George can't get here, and I think we'll just have to ask the Republicans to get their work done in the daytime."

Johnson held no caucus, though a caucus is customary. He hasn't held a single caucus this year, partly because he's afraid some of his Democratic opponents, of which he has plenty, will take him over the hurdles. Instead of caucusing, he goes around to see each senator personally. It's more work, but you can't get around the fact that the gentleman from Texas is efficient.

## Sanders Asks Union To Lift Expulsion

ST. LOUIS (UP) — The general executive board of the International Ironworkers Union today studied an appeal of William B. Sanders to lift his expulsion from the union.

Sanders, who was business agent of Local 595, was expelled for life from the international and its affiliates Dec. 9 after he was found guilty of violating the union constitution.

The alleged violation grew out of a dispute at the Bechtel Corp. plant at Jopka, Ill., when 33 men walked off the job.

Sanders was ordered to get the men back to work. He refused, saying the men had quit and he had no authority over them.

The board, headed by Union President J. H. Lyons and consisting of the secretary and seven vice presidents, heard Sanders' appeal Tuesday.

## Egyptian Health Dep't News

TUBERCULE BACILLUS

Tuberculosis is a disease caused by a germ, the tubercule bacillus. Every single case comes from the invasion of the body by the tubercule bacillus, generally from contact with a person who is an open active case of tuberculosis. When the germ gets into the body it may remain quiet without causing much trouble for a long period of time. In fact, if not too many germs have entered the body and if the general health and state of nutrition remain good, these germs may be prevented from spreading and growing by the health of the body itself. If so, tuberculosis as a disease may never occur.

The first step in the prevention of tuberculosis is the maintenance of one's good health, not only by regular physical examinations by the family physician, but adherence to regulations governing balanced mental and physical activity.

The cause and control of tuberculosis are known, it is important to find those people who have the disease and to treat them. Thus, since it is almost a certainty that early detection offers complete arrest of the disease, not only do the victims of tuberculosis benefit themselves, but eliminate the possibility of spreading the infection to others through contact.

For many years it was felt that the unfortunate person who acquired this disease would never be really well again. But with the advance of science and with the progress that is being made in the treatment of all diseases, the attitude toward tuberculosis has changed. It is no longer necessary to go to some far off climate in the search for complete recovery.

Skilful medical treatment, and not climate, is the means toward arresting the disease. Some people need only rest, others have their lungs collapsed, some have surgical operations. New drugs are available which, when used at the right time and on the right case, prove valuable. The decision as to their use, however, must be made on the basis of the individual picture of each case.

A Mobile Unit X-ray will be in White, Saline, and Gallatin counties for the next two weeks. Visit one of these units and have your chest x-rayed. This is a service which is being provided for you by your Health department and your County Tuberculosis association.

## Sulphur Springs

There was an unusually good attendance at Sunday school. All the teachers and pupils were present.

Farmers have begun to take advantage of the beautiful weather. Joe Barnett and John Woods visited at K. Church's home Sunday morning buying song books.

A singing conducted by Lovell Hess of Eldorado and Mr. Grant will be held in Sulphur Springs church Sunday evening, March 14. Everybody is cordially invited to attend.

Mr. and Mrs. Donald Adams and baby of Evansville, Ind., visited home folks Sunday.

Mr. and Mrs. Earl Hathaway and children, Lanell and John Bob, and Mr. and Mrs. K. Church visited Sunday evening with Mr. and Mrs. John Adams.

Those who volunteered to help Mrs. K. Church quilt Thursday evening were Mrs. Pearl Haney and Mrs. Mary Lee Adams.

A letter from Ralph Church stated that the weather was ideal in Michigan.

A letter was also received from Mr. and Mrs. Van Alstyne Sr., who are visiting in Gulf Port, Mich., stating that the weather was nice.

Mrs. Parks has had mail from Oklahoma saying that the weather is fine.

Mr. and Mrs. Earl Hathaway and family ate dinner with Mr. and Mrs. Raymer Sunday since it was Jerry Raymer's birthday.

Little Johnny Bob and Lanell Hathaway helped to celebrate his birthday also.

LaNelle Hathaway's birthday was celebrated with a candy party at Sunday school.

## About Town And Country

(Continued from Page One)

and Timmo says that having a losing team during the regular season has its compensations at tournament time.

Look at it this way: When you have a winner you expect to go somewhere and when you are dropped out of the running the blow is terrific. Just imagine how the kids and adults over at Herrin must feel after their first-class outfit lost its initial tourney game to lowly Carverville.

But when a team that has had a poor season loses, it isn't such a blow and when it wins it is all gravy.

Gatling Gun

Gatling invented a type of rapid-fire gun in 1862. It was credited with discharging 350 bullets a minute and could fire more than 60,000 rounds without jamming or cleaning.

### Saying's Origin

A group of statesmen is said to be "log rolling" when working in a group for certain purposes. The expression originated in the early days, when logs were cut and rolled together by a settler and his neighbors, the task being too great for one man.

**HAPPY BIRTHDAY**—A "birthday card," commemorating the 44th anniversary of the Boy Scouts of America, is inspected by TV star Loretta Young with two Scout friends, Ken Grobman, left, and Bob Schwarz.

## Combat Potential In Strategic Air Command

OMAHA, Neb., March 3.—Gen. Curtis E. LeMay, who commands the \$5,800,000,000 atomic-weapon business called Strategic Air Command, declared today that "our product is combat potential."

LeMay said the aim of "SAC" is to obtain this product—which every American taxpayer helps to buy—"at a reasonable cost."

As this nation's long-range atomic striking force SAC keeps its planes and personnel spotted over world ready to go into action at virtually a moment's notice.

"I don't think Russia's long-range air force is anywhere as good as ours, but we must keep up our advances," LeMay told a group of reporters studying business methods of the U. S. Air Force.

**E36 is Potent**  
The briefing by LeMay and his staff took place at nearby Offutt Air Force Base, world headquarters for SAC.

The officers said that the investment in all SAC bases amounts to \$67,317,000 at present and that direct operating costs total \$764,000,000 a year.

"Combat potential," LeMay explained, "is a combination of units, airplanes, people and supplies—all those things which intake the field and fight."

SAC's planes include the B47 "Stratojet" medium bomber, the F84F "Thunderstreak" fighter and the B36, a 10-engine bomber costing seven-million dollars fully equipped.

The B36 is so potent, the Air Force estimates that a single atomic mission can deliver as much destructive force as was dropped by all Allied bombers over Germany in World War II.

**Calendar of Meetings**  
Pride of Arrow Rebekah lodge No. 234 will meet Thursday at 7:30 p. m. to honor district officers and past presidents, and to initiate new members. Visitors welcome. Lola Cox, N. G.

The choir of the McKinley Avenue Baptist church will rehearse tonight following prayer service.

Members of the VFW Auxiliary are invited to be at the VFW home at 9:30 a. m. Thursday for the purpose of cleaning the kitchen. They are also asked to take a covered dish of food for a potluck dinner at the noon hour.

The Buena Vista Home Bureau unit will meet Friday at 1:30 p. m. at the home of Mrs. Marvin Mullinix.

### Hospital Notes

Clarence Potts, 412 West Church.

### Revoke Driver's License of Harco Man

Secretary of State Charles F. Carpenter announced at Springfield today that he had revoked driver's licenses, chauffeur's licenses and driving privileges of 185 more persons, bringing to 2,209 the total revocations since the new Drivers License act went into effect last July 1.

Included in the latest list was: A. B. Patterson, Harco, driver's license revoked for driving while intoxicated.

### Eisenhower Hits Committee Methods

(Continued from Page One)

should be removed from any command.

Mr. Eisenhower at the outset said the army had made "serious errors" in handling the Peress case, but was correcting its procedures rapidly.

**Recognizes Right of Congress**  
Then the President said that while all Americans should be unceasingly vigilant against subversion, we would defeat ourselves in fighting communism "if either by design or through carelessness, we use methods that do not conform to the American sense of justice and fair play."

The chief executive hammered at the idea that the ultimate responsibility for conduct of all parts of the executive branch rests with him and "cannot be delegated to another branch of government."

He recognized and endorsed the right of Congress to investigate "every phase of our public operations."

McCarthy said Tuesday night he was about to call a "moratorium" on his verbal exchanges with opponents. The Wisconsin Republican made the remark when asked to comment on a statement by Republican National Committee Chairman Leonard W. Hall, who said he could not "go along" with the senator in his controversy with Army Secretary Robert T. Stevens.

**Hope For No Break**  
The Republican leadership is anxiously aware now that the relationship between the President and the senator has become an issue of considerable political significance. A great many Republican politicians are fearful that there will be no break between the President and the senator. Many of them want McCarthy's help in their re-election campaigns. They do not want to be compelled to choose between Mr. Eisenhower and McCarthy and they don't want the voters back home to be put to that test, either.

**Invented Boxing Gloves**  
Jack Broughton, one of the early champions of England, is called "the father of English boxing." He drew up a set of rules for the game in 1743 and also is credited with having invented boxing gloves.

The earth has become 2.2 degrees hotter in the winter time in the last 60 years, while the summer increases in the Northern Hemisphere has been only one degree.

### NOTICE OF PUBLIC HEARING

Notice is hereby given that a tentative budget and appropriation ordinance for the Town of Harrisburg, in the County of Saline, State of Illinois, for the fiscal year beginning March 30, 1954, and ending March 28, 1955, will be on file and conveniently available to the public in the court house in Harrisburg, Illinois from and after 9 o'clock A. M., Thursday, March 4, 1954.

Notice is further given hereby that a public hearing on said budget and appropriation ordinance will be held at 1 o'clock P. M., Tuesday, April 6, 1954, at said office of the town clerk in this town, and that the final action on this ordinance will be taken by the electors at the annual town meeting to be held at 2 o'clock P. M., Tuesday, April 6, 1954.

Dated this 2nd day of March, 1954.

VERGIL FERRELL  
Supervisor.  
ZOLA YOUNG SLOAN  
Clerk.

**LISTEN TO "BARHAM SPEAKS,"**  
9:15 a. m. daily, WGGH, Marion—Your Ford Dealer. 203-1f

**In Memoriam**  
In loving memory of our dear son and brother, Henry Farmer, who passed away one year ago, March 3, 1953.

He little thought when leaving home,  
He would return no more.

That in death's sleep would sleep  
And leave us here to mourn.

We do not know what pain he bore,  
We did not see him die.

We only know he passed away  
And could not say good-bye.

His pleasant cheerful ways  
A heart that won so many friends.

In bygone happy days,  
Our hearts still ache with sadness.

Our eyes shed many a tear,  
God alone knows how we miss you.

As ends this first sad year,  
Sadly missed by Mother, Mrs. Grace Farmer, and brothers and sisters. 207-1

**NOTICE OF CLAIM DATE**  
ESTATE OF CHARLES BEAL, Deceased.  
Notice is hereby given to all persons that Monday, May 3, 1954, is the claim date in the estate of Charles Beal, Deceased, pending in the County Court of Saline County, Illinois, and that claims may be filed against the said estate on or before said date without issuance of summons.

JOHN R. JACKSON,  
Public Administrator.

## Charges Public Misled About Security Risks

WASHINGTON (D.S.C.)—Sen. Olin D. Johnston (D-S.C.) demanded today that the administration "admit it has misled the public" about employees as "security risks."

Johnston, senior Democrat on the Senate Post Office and Civil Service Commission, said testimony Tuesday by Chairman Philip Young of the Civil Service Commission did little to clear up the "confusion" surrounding the dismissals.

Chairman Frank Carlson (R-Kans.) said he was "satisfied" with Young's report, but Democrats insisted that Young return next week for more testimony under oath. Carlson agreed to recall Young then.

Young, chief administrator of the Employee Security Program, gave the committee this summary on results of the program to date: Resignations or dismissals of 2,427 individuals for one or more of the four broad "causes"—security information, sex perversion, conviction of major or minor crime and "other reasons."

An incomplete breakdown under the four headings showed this result: For security information (listed as "subversive" in a tabulation presented by Young): 383. For sexual perversion: 194. For crimes: 605.

For "all others": 1,045. Democratic questioning, however, elicited from Young an admission that he does not know if any of the 383 "subversives" was disloyal and that, in fact, some of them might have been let go for other reasons.

## Six Persons Burn To Death in Home

KANKAKEE, Ill. — Six persons burned to death today when fire destroyed their farm home four miles south of here during a driving snowstorm.

The fire apparently destroyed the two-story frame house about 3 a. m., but the tragedy wasn't discovered until after daylight because of the heavy snow.

The dead were Lester Flageole, 33; his wife, Wanita, 25; their three children, Alice May, 7; Arthur, 6; and Kathy, 6 months, and Flageole's uncle, William Scanlon, 68, who lived with the family.

Chlorophyll, the green substance in plants, does more than promote the capturing of energy from the sunlight in the manufacture of food out of carbon dioxide and water. It promotes the release of water vapor from the leaves.

## Red Leader Accuses U. S. of Near Direct Intervention in War

HANOI, Indochina (U)—Ho Chi Minh, leader of the Communist Vietminh forces, today accused the United States of taking "another step toward direct intervention" in the Indochinese war.

In a communique broadcast over all rebel radio stations and by Peiping Radio in Red China, Ho accused the United States of "allowing the American Air Force to participate in the massacre of the population."

Bull Dogs Edge Fairfield in Regional, 74-73

TWO POINTS FOR DAVE ANGLIN!—The local sophomore forward, in foreground wearing a white suit, goes high to score against Fairfield in the Mt. Vernon regional basketball tournament last night as he racked up 30 points to lead the Bull Dogs to a 74-73 victory. No. 24 is Tony Beal of Harrisburg, No. 34 is Van Buskirk of Fairfield, and his teammates Tannehill, standing, and Williams, jumping alongside Anglin (with brace on knee).

Wood River is Sidelined In Regional Play; Centralia, Mt. Vernon, Grayville Win

SPRINGFIELD — Rugged Wood River joined the ranks of the also-rans today as 120 more teams were sidelined in the chase for the 1954 Illinois prep basketball championship.

Wood River, ranked No. 8 team in downstate Illinois by the United Press Board of Coaches, was upset by Madison 61-58 in the Alton regional tournament Tuesday night.

It was only the fifth time in 25 games Wood River had been stopped. Madison has a so-so record of 17 wins and 10 losses now.

Mount Vernon, Centralia, Grayville, Barrington, Rich Township, Paris and Rockford West were among the victors as two first-round games were played in each of the 60 regional tournaments Tuesday night.

Semi-final games are on tap tonight in 25 tournaments. In 34 others, the first round will be concluded. Teams in the 60th regional tournament, at Batavia, have an open date tonight.

Harrisburg Nips Fairfield

Mount Vernon's Rams, rated No. 3 team downstate, skipped over their first hurdle with ease, whipping Cisne 62-28 on the Ram's floor. Harrisburg nipped Fairfield 74-73 in the second game.

Centralia, seeded top team in the Salem regional, walloped Aviston 83-43 and Sandoval followed with an 82-63 victory of Kimmunity.

Grayville, which aims to become the fourth team ever to win the state title with a perfect season record, launched the tournament grind with a 75-52 win over Mills Prairie.

The Grayville Bisons now have 27 victories and no losses. Their next foe in the Mount Carmel regional is Carmi, 59-55 victor over Crossville Friday night.

Once-beaten Barrington registered its 23rd triumph, walloping Glenbrook 66-34 at Palatine. The host five beat Elia-Vernon 76-52. Barrington holds the No. 12 rating by the U. P. coaches.

Coach Greg Sloan, who piloted La Grange to the state title last March, saw his new Rich Township team remain in the running for 1954 honors with an 88-72 win over Troy.

Holly Mims is Favored to Beat Ward Tonight

DETROIT — Holly Mims, eighth ranking middleweight contender, ruled a slight favorite today to turn back upset-minded Moses Ward of Detroit in their 10-rounder tonight at Olympia.

It will be the first fight for Mims in three months, a fight that the Baltimore boxer can't afford to lose since Ward is a virtual unknown in fistie circles.

Ward's chief bid for recognition came exactly four weeks ago when he mauled Willie Troy, ranked No. 7, among the 160-pounders, only to run out of gas and fall victim to an eighth-round knockout.

The 22-year-old Ward blamed his loss to Troy to "poor pacing" and vowed to make some changes against Mims.

Mims, the only boxer ever to beat Troy, has had considerable difficulty finding opponents during the past year. With the exception of Troy, none of the middleweights ranked above him would agree to climb in the ring with him.

He made only six trips to the ring in 1953, all against little-known opponents, and won each time. His overall record includes 31 triumphs, 11 losses and four draws.

Mt. Vernon Tournament Sidelights

Harrisburg fans who witnessed the Bull Dogs' clash with Fairfield last night now believe in miracles. Down and out by 11 and 12 points at several times in the final half, Lawrence Caluffetti's boys fanned a smoldering spark that blazed into an inferno just long enough in the last minute of the fray to roast the Mules, 74-73.

But as the coach himself expressed it in the locker room following the game, "we made every mistake in the book." His comment, brief and terse and covering a multitude of sins, told the tale; the score was a comforting postscript.

A lot of Harrisburg backers came away with the feeling that the Bull Dogs now have "the bad one" out of their systems. . . . and Thursday night it will be all-basketball with the locals when they bump into highly-touted Mt. Vernon.

Fairfield dropped in 23 of 56 attempts from the field for a fine 41.1 average. Their best quarter was the first when they hit eight of 14 tries. Harrisburg took 77 cracks at the hoop and connected on 30 of them. They hit 11 of 21 in the third period for their best quarter effort. Their game percentage was .389. Bull Dog sophomore Dave Anglin, who collected 30 points in the fracas, hit 14 times from the field on 27 tries for a slightly better than .500 average.

Mt. Vernon partisans are so sure of victory that few turn out for the regional competition. . . . Cisne held the game with Mt. Vernon in check for a half last night by employing ball control tactics. . . . in the second half they race-horsed with the Rams and were out-scored 49-24. . . . The goaly was only half full of spectators last night, the majority from out-of-town.

Tonight's opening game pits small, speedy, sharp-shooting McLeansboro against Wayne City. The Foxes are favored to topple Wayne City despite the fact the latter club has the tallest player in Little Egypt — 6'10" Jimmy Stutts. Incidentally, Stutts now holds the highest single game scoring effort for the season in southern Illinois as far as we can ascertain. He set it last Friday night against Crossville, collecting 50 points on 20 field goals and 10 fouls.

Of still more interest to local and area fans will be the second game this evening when Eldorado and Shawneetown pair off. Eldorado will be a slight favorite to win the event, but the odds won't worry the Indians too much. They've been the underdogs before.

Jackie Robinson Hopes This Will Be Last Playing Year

VERO BEACH, Fla. — Jackie Robinson said today he hopes this will be his last year in baseball because "at 35, it's just getting too tough to go on."

The Brooklyn Dodger star, who smashed the color line in the major leagues seven years ago, said that quitting is his wish "no matter how good a year I have." An important factor in the final decision will be whether he can land a good paying radio or television job.

Jackie, his dark hair now generously sprinkled with gray, said he thinks that "by punishing myself I might have another year or two left."

"But I've reached the stage where it's just too tough to keep on going," said Robinson. "Actually, I'm in the best shape this spring that I have been for several years. But it meant that I had to diet all winter long. And my legs and body are starting to feel the wear and tear of my years."

Robinson said he would leave baseball "with sincere regret, for baseball has been mighty good to me."

But he also believes that a good paying future awaits him in radio or television, a field in which he has been working on a part-time basis for the past two years.

Play Rams Tomorrow Night; Eldorado Meets Shawneetown Tonight

**Locals Score**  
**Winning Basket in Closing Seconds**

The Harrisburg Bull Dogs today were in the semi-final round of the Mt. Vernon regional basketball tournament, where they will face the host Rams at 7 p. m. tomorrow, after nosing out Fairfield, 74-73, in quite a ball game last night.

Mt. Vernon had an easy time with Cisne, 62-28, to advance last night. This evening the sharp-shooting McLeansboro five will meet Wayne City, which boasts six foot, ten and a half inch Stutts, at seven o'clock and Eldorado and Shawneetown will tangle at 8:30.

Winners tonight will play the semi-final contest following the Mt. Vernon-Harrisburg affair.

Harrisburg last night seemed to do everything wrong except sink the winning basket. The Bull Dogs did not play good ball and yet they won. It seemed that they had most definitely thrown the ball game away a half dozen times, but they would come back and tighten up the margin.

**Anglin Scores 30 Points**

Only time they were ahead after the first three and a half minutes was when Dave Anglin sank the winning basket with eight seconds left. As late as the fourth quarter Fairfield had a nine-point lead and with 45 seconds left in the contest the boys from Wayne county were ahead by four points. But Harrisburg won, chiefly on Dave Anglin's shooting, with some help from Ronnie Riegel. The lanky sophomore threw in 14 field goals and two free shots for 30 points, which was remarkable, and he got the last two, when Harrisburg was trailing 73-70.

Harrisburg trailed 18-12 at the quarter, 34-27 at the half and managed to narrow the gap to 56-54 at the end of the third period. But at the outset of the fourth quarter Fairfield ran the margin to 63 to 54 before Harrisburg could score again and held a 63-54 lead with six minutes left.

Harrisburg then moved up to 65-63 and Bull Dog fans revived hopes, but Fairfield then went on a spurt and ran its lead to 71-63, apparently hopeless for the locals in the waning minutes. But Anglin connected for two baskets and Riegel made both his free throws good while Williams was connecting for Fairfield and the margin was 73-69 with 45 seconds left.

**Ahead With 8 Seconds Left**

Ronnie Williams was fouled and he made one of the two free shots to make the score 73-70. Fairfield was pressed as the ball was brought down the floor and palming the ball was called, the ball going to the locals. The ball was passed to Anglin and he connected. Again Fairfield started down the floor, with the locals pressing, and travelling was called. Harrisburg took the ball out of bounds and it was passed to Anglin. Dave drove toward the free throw line and let loose an arching push shot from about 15 feet out. The ball hit the bottom of the net and Harrisburg was ahead with eight seconds left.

Riegel hit the ball just enough as a Fairfield player started dribbling down the floor to make the dribbler kick it out of bounds and Harrisburg had the ball out with two seconds left. Riegel passed to Harrison and the game was over.

Cisne stalled unsuccessfully on Mt. Vernon in the first half of the first game. The Rams led 9-3 at the quarter.

Romonosky Gets Mention from Cardinal Camp

John Romonosky, Harrisburg pitcher with the St. Louis Cardinals, got several mentions in a St. Louis Globe-Democrat dispatch today from St. Petersburg, Fla., where the team is training.

Said the story:

"The impressive motions were made by three right arms attached in order of appearance, to Tom Poholsky, John Romonosky, and Stu Miller. Today's impressive trio of Romonosky, Poholsky and Miller makes the list of those tried and found strong lean heavily to the right. . . . Today Romonosky and Poholsky both threw a curve. They have been working more than three weeks, and Romonosky proved clever with a change-up several times, and quick on his feet. When it was a pitcher's turn at bat, a utility man did it for him. . . . Sal Yvars batted for Romonosky and Romonosky proved most agile in getting off the mound to field a roller and throw himself out at first. He struck out two, allowed no hits, in an inning and a half."

## Quick Indictment Sought for Four Terrorists

Rep. Shafer Gives Federal Jury Eyewitness Account

**BULLETIN**  
WASHINGTON (AP)—A federal grand jury today indicted the four Puerto Rican fanatics for shooting five congressmen on the floor of the House Monday. Moving with unusual speed, the government obtained the indictments of 10 counts each against the Puerto Ricans in just 48 hours after the shooting.

WASHINGTON (AP)—Rep. Paul W. Shafer (R-Mich.) gave a federal grand jury today an eyewitness account of Monday's gun attack on the House of Representatives for which the government is seeking quick indictment of four Puerto Rican terrorists.

Shafer gave the jury "very positive" identification of all four of the assassins. The government charged the three gunmen and their pistol-wielding woman leader with assault with intent to kill on five counts—one count for each of five representatives felled in the 30-second attack.

Meanwhile, the Justice Department considered slapping criminal charges on leaders of the tiny but

fanatical Puerto Rican Nationalist Party to which the terrorists belong. Informed sources said department attorneys believe they may be able to prosecute party chieftains under the Smith Act—the same act under which U. S. Communist leaders were sent to prison. This forbids conspiracy to advocate overthrow of the government.

**Removed from Critical List**  
The ultimate fate of the four immediately accused hinges on a courageous touch-and-go fight for life being waged at Casualty Hospital by Shafer's fellow Republican House member from Michigan, Rep. Alvin M. Bentley.

Bentley, a 35-year-old millionaire from Owosso, Mich., was removed from the hospital's "critical list" after a restful night. But physicians said he is still in danger. A high velocity pistol bullet pierced his lung and diaphragm and smashed his liver.

Under the indictment sought by U. S. Dist. Atty. Leo A. Rover each of the four Nationalists could be punished on conviction by 75 years in prison. But if Bentley should fail to recover, the charge would be changed to first degree murder for which the penalty would be death.

The four other congressmen wounded in the spray of bullets fired from the House gallery on Monday were not considered to be in any danger. All were reported recovering.

**Saw Most of Shooting**  
Shafer was the only congressman called before the grand jury. He told newsmen he was on the House floor at the time of the shooting and "saw most of it."

"I watched it until the shooting stopped," he said, "and then dropped to the floor."

When the shooting started Sha-

fer was standing on the Democratic side of the House, facing the Puerto Ricans. He said that he told the grand jury that he saw all four of them firing guns and that he identified each of them from photographs.

Shafer said he was "very positive" of the identifications and added there was "no doubt" that all four were shooting.

Of the four, 34-year-old Lolita Lebron, 25-year-old Rafael Cancel Miranda, and Andres Figueroa Cordero, 29, were captured at the scene. These three calmly confessed their attack.

The fourth, 27-year-old Irving Flores Rodriguez, was picked up

at a bus station later. He has refused to confess. But Shafer identified him positive along with the other three as a member of the pistol-firing quartet.

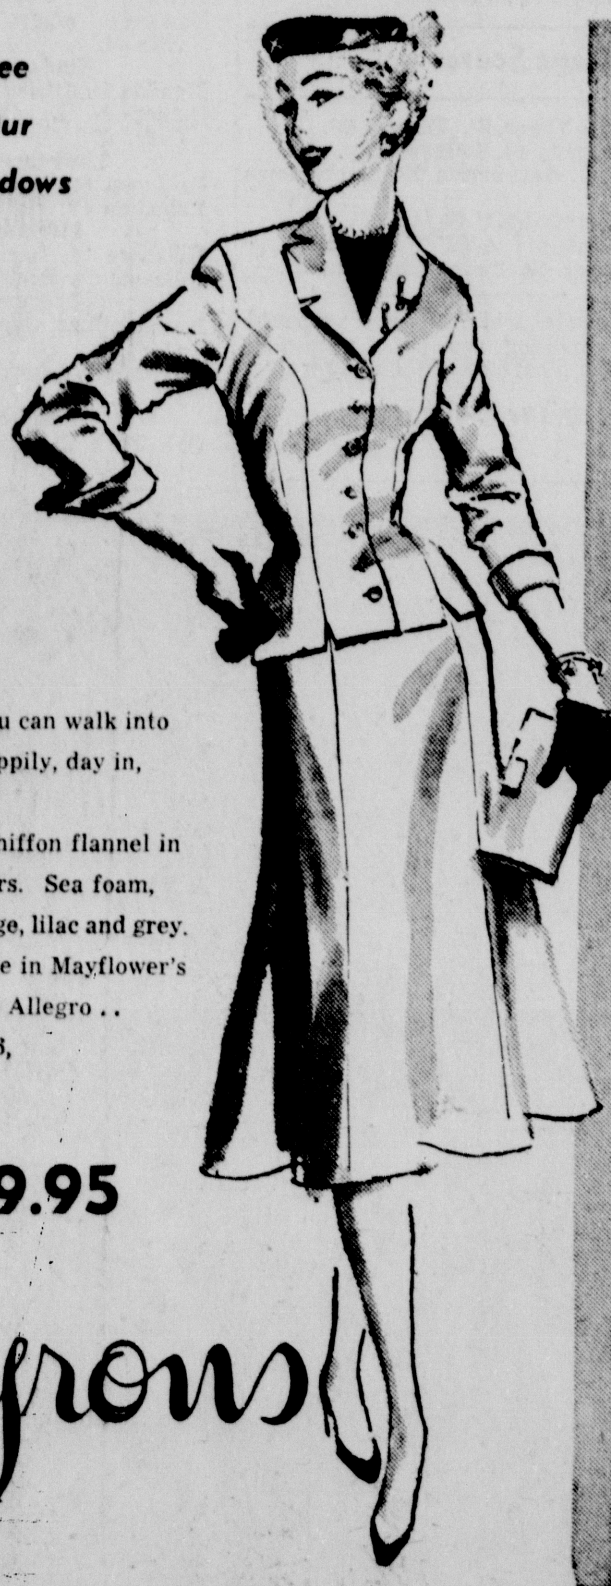

Shafer said he was subpoenaed as the congressional eyewitness because he had reported from the first "that there were four people in the crowd."

### Omen of Death

Both among civilized and uncivilized peoples, there is a widespread belief that the apparition of a living person is an omen of death, according to the Encyclopedia Britannica.

**WHO'S AFRAID OF THE BIG DOG?**—Not Alexis Kerr, especially when she's taking "Nizam," a two-year-old Bengal tiger, for a walk. Her daddy is an animal trainer with a circus touring England. Alexis can't understand why the streets are always deserted when she and kitty go strolling.

## 298 Persons Visit Mobile X-Ray Unit

A total of 298 persons went through the State Mobile X-Ray laboratory on the court house drive yesterday to have their chests x-rayed for possible detection of tuberculosis.

The mobile laboratory will be in Harrisburg through Saturday and yesterday was the first day it was in town. Tomorrow, because of the late shopping hours, the lab will be opened from 1 to 5 and 6 to 8 p. m. On other days the

hours will be 10 a. m. to 1 p. m. and 2 to 5 p. m.

Other appearances in the county of the mobile lab will be:

Galatia March 9, Eldorado March 10-13, and Carrier Mills March 16-17. Hours will be 10 a. m. to 1 p. m. and 2 to 5 p. m.

### Oldest in Empire

The Bermuda Islands are the oldest self-governing colony in the British Empire, its representative government dating from 1612. As a legislative body, the Bermuda House of Assembly is second in age only to the House of Commons.

Jerry Lewis and Dean Martin in a riotous scene from Paramount's "Money From Home," in color by Technicolor, to show at the Orpheum Wednesday, Thursday, Friday and Saturday.

Certain pine trees produce pine gum from which special lubricants can be made. The lubricants help jet engines start and run in temperatures that plunge to 75 degrees below zero Fahrenheit. The synthetics remain liquid at those low temperatures and do not become gummy like ordinary petroleum lubricants.

A vigilant, diving fisher-bird, the loon, has a cry which sounds like insane laughter.
